1

Where Are We Going: A Vision for Families Genesis 1-2

1. Genesis 1 and 2 teaches us that family was God's design and was created for us to enjoy a relationship with God and a relationship with one another. Family allows us to experience relationships. Name some of the positive ways your family has impacted your life.

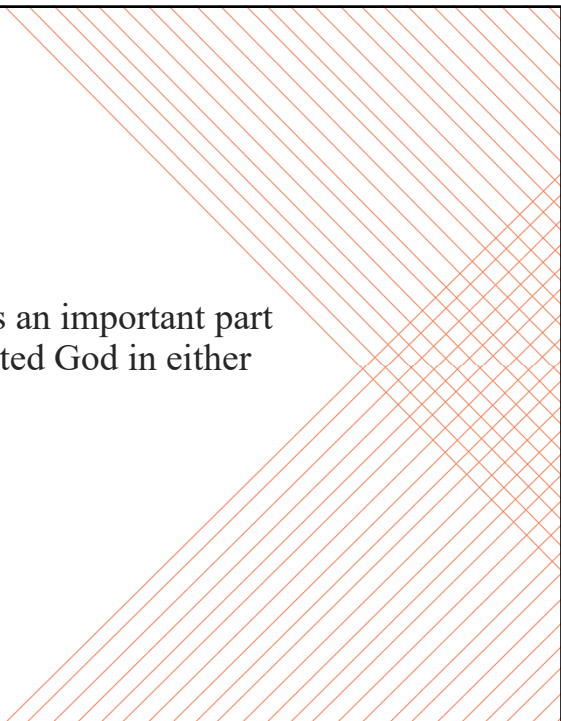

2

2. How has God worked in or through your family? What has your family seen God do?

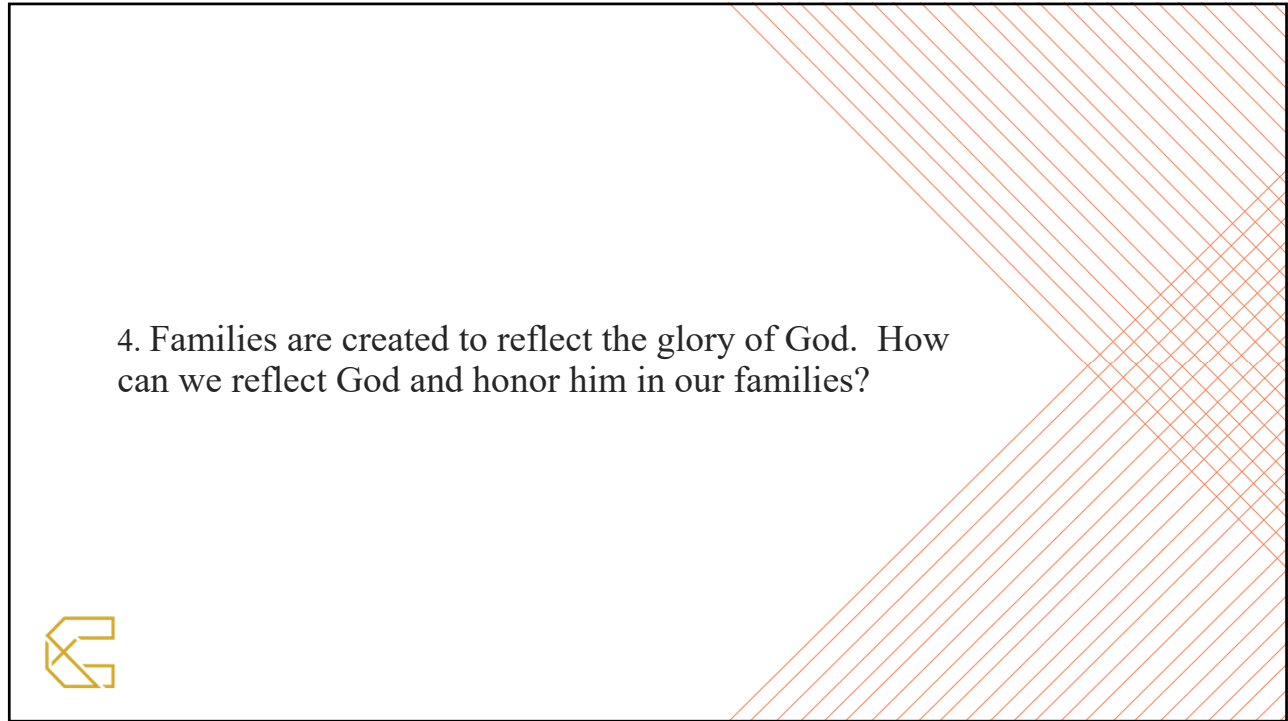

3

3. God celebrates singles and marriages as an important part of the family. Describe how you have trusted God in either season of your life.

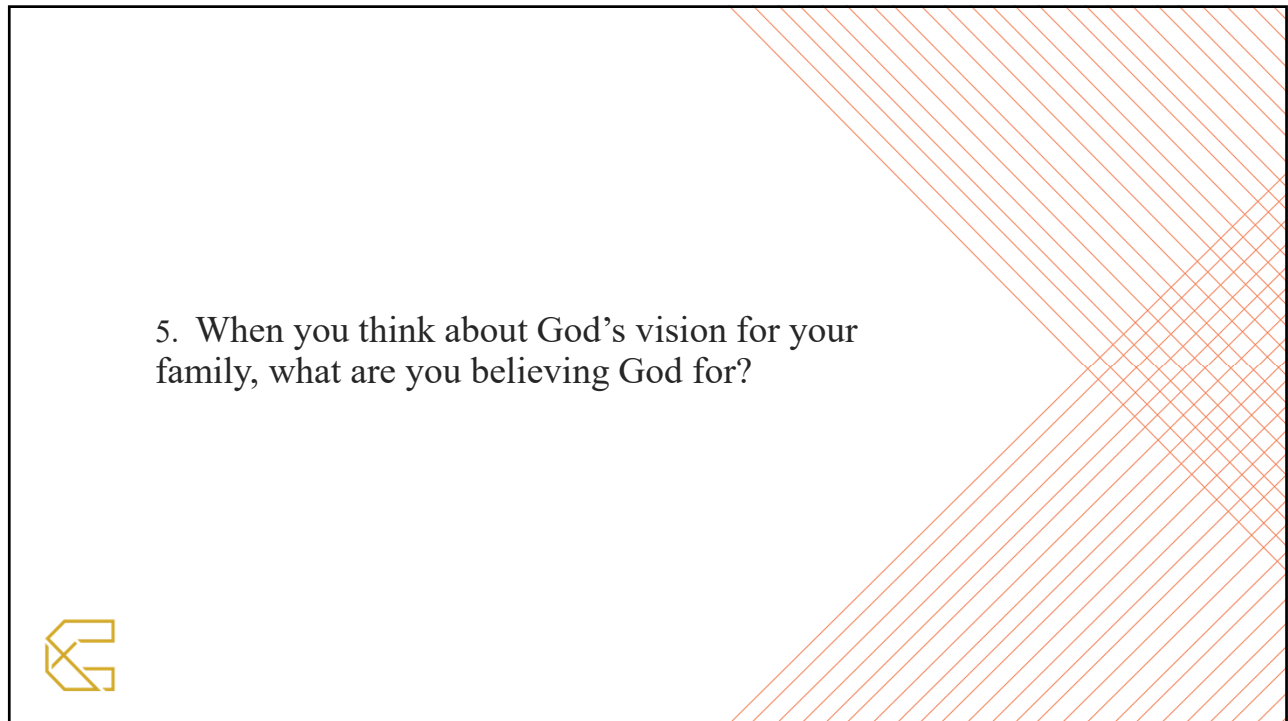

4

4. Families are created to reflect the glory of God. How can we reflect God and honor him in our families?

5

5. When you think about God's vision for your family, what are you believing God for?

6

6. One of the best places to start is by writing your family values that you want to be a part of your family. Write down 3-5 values you desire in your family, share one of them and reflect on them this week.

7

7. Take time to pray for each other's family and the visions that you desire.

8
